Patent and Trademark Office			

Continuation of 5. does NOT place the application in condition for allowance because: Applicant's arguments are directed to the method of making the devices of Uglow et al. and Chung et al. it is noted that the claims are directed to the devices themselves and not the method of making, furthermore, Chung et al. is relied upon for the teaching of a contact hole whose area gradually increases until reaching the bottom of a trench; and the structur is being taught as a conventional structure which will be well known to one of ordinary skill in the art.
